project

Mr José Juan Garcia

IES Felipe De Borbon

With no Art the Man would remain widely blind to himself ,to his own interior world. Music, among all the arts, exalts the universal harmony and evokes the fraternity of feelings .Over and above all frontiers, because of its nature ,it may resound internal harmonies, it raises profound and intense emotions, exercises a powerful influence with the new magic.

Music is an instrument of real Fraternity by helping to overcome discriminations and Frontiers.

Giovanni Paolo II (Karol Wojtyla)

Progetto Comenius
ICTLLP*

Grazia Buffa –Singer

She has studied singing since the age of eight at the teacher Maria Autovino in Partinico. At only nine years old she took part in the contest "Stefania Rotolo" in Rome ,classifying herself at the first place. Since March of 2010, she has gained notoriety in Italy , participating in a national television program " Ti lascio una canzone" aired on RAI 1 and produced by "Ballandi entertainment, "where she duets with great figures of the Italian and foreign song . In a review of the "Giornale di Sicilia" she has been called” the white Whitney Houston” but for her fellow citizens she is the star of Partinico.

Federica Governanti-Soprano

She attends the department of Political Science of the University of Perugia where she is completing her degree course in International Relations. She has studied singing for two years at the he Master Giuseppe Tagliarino.

Paolo Lo Biundo –Tenor

He has been a student at the conservatoire "Vincenzo Bellini" in Palermo as singer, He continued his studies privately with the baritone Giuseppe Tagliarino. He has performed as tenor soloist on behalf of prestigious choirs and religious organizations and from about one year he takes part of the orchestra of the” Italian Red Cross” of Palermo, where he is exercising the ministry of music and singing. He was responsible for music of various cultural associations and, for some years, he has been vocal coach of many music and drama workshops at the Liceo Scientifico "S. Savarino" Partinico.

Giuseppe Prussiano-Singer

He attended the high school in the classical section of Liceo Savarino, where he graduated with honors in the 2009/2010 school year, by winning the scholarship .” Sansone “, reserved for students of Classical High School. As a student of our Institution he participated in the musical workshop where he gained valuable voice qualities in the melodic repertoire - he has performed as soloist in concerts at the end of school years especially in performances of traditional Neapolitan songs. Currently he attends the Faculty of Architecture at the University of Palermo.
